TWICE PROVEN
If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Medina evidence—doubly proven.
G. Lutz, 247 S. Huntington St., says: "I have used Doan's Kidney Pills of good. I had a lame back and se-Pills and they have done me a world vere pains across my loins and it hurt me to straighten up after stooping. I couldn't rest well and mornings I was stiff and lame. I had to pass the kidney secretions too often and they were painful in passage. I read of Doan's Kidney Pills and used them. After taking three or four boxes, I could rest better nights and the kidney secretions became natural. The lameness and pains left my back."
ALWAYS GETS GOOD RESULTS
(Statement given March 28, 1918.)
On January 24, 1917 Mr. Lutz said: "I have the same good opinion of Doan's Kidney Pills as I had before. I use them occasionally and always with the best of results."

LEGAL NOTICE
Notice is hereby given that the plans, specifications, profiles, cross sections and estimates for the improvement of North Court Street from the north corner of Union Street to the north intersection of Union Street in the Village of Medina, Ohio, the same being a part of the Cleveland-Woodstock Inter-County Highway No. 25 or Main Market Road No. 10, in the County of Medina, Ohio, said street to be graded, drained, curbed and paved to a width of thirty-two (32) feet with vitrified brick laid on a concrete base and that said plans, profiles, cross sections and estimates for said improvement have been approved by the Council of said Village and are now on file with the Clerk.
That said improvement will be made by the Board of Commissioners, Medina County, Ohio, pursuant to a contract between said Village and said Board of County Commissioners providing for said improvement and the assumption of the cost and expense thereof and in accordance with the resolution of the Council of said Village passed and adopted on the 3rd day of Sept. A. D. 1912.
All persons who claim compensation or damages on account of said proposed improvement shall file written claim therewith with the Council of said Village on or before Sept. 20, 1919, A. D.
By order of the Council of the Village of Medina, Ohio,
W. F. AINSWORTH,
Village Clerk.

FARMERS MAY GET 40c FOR THEIR MILK

Farmers may get 40 cents a gallon for their milk this winter if plans now under way are perfected. This price, if it materializes, will be the result of 300 grocers and 200 farmers forming a co-operative concern last week and taking over the Clover Meadow Creamery Co., of Cleveland, which has been in the hands of a receiver for the past six months.

The company's object, according to reports, is to get the farmer stockholder and those from whom the company will buy milk, the best price available for this product, yet at the same time give the grocer-seller a good rate.

The new board of directors voted the shippers a 2-cent increase in the price of milk for the first half of September, or 35 cents a gallon, and pledged a price of 36 cents minimum and possibly 37 or 38 cents a gallon for the last half of the month.

But the retail price is not to be affected by the increase to the farmers, it is announced.

Although the eventual price to the shippers will probably reach 40 cents a gallon according to reports, all increases in the price to the shippers must be absorbed by the monthly gain made by the company.

The Clover Meadow Creamery Co. was originally organized by the present grocer stockholders as a service concern to bring them milk direct from the farm. It passed into Receiver's hands in April after failure to support an original capitalization of \$160,000.

After a fashion the farmers gave themselves the increase. The new board of directors is composed of six farmers: A. H. Van Balkenberg, president of the First National bank of Chagrin Falls; William Algers, Mantua; E. E. Gordon, Kent; Frank Miller, Aurora; Walter Spencer, Chardon; and W. G. Blair, Mantua.

The board of directors announced that this winter the concern will sell feed and other dairy farm needs to the shippers at greatly reduced rates secured by wholesale purchases, and added that next year the concern would attempt to add butter, eggs and green produce to the new market.

The company will also attempt to enlarge its present distributing plant and add to it a refrigerating house for pasteurization of milk.

Many of the farmer stockholders who attended the board's organization meeting declared they had been selling milk at a loss at 33 cents and that the 40-cent rate would be inevitable.

None of the farmer stockholders of the new company is a member of the Ohio Milk Dealers' Co-operative Association.

The Telling-Belle Vernon Co. last week granted its shippers a 1-cent increase in the wholesale price of milk, or 34 cents a gallon. This is the rate announced to be paid by this firm in September.

LIKES THE SENTINEL

Years ago I was pleased to write Seville news for Sentinel columns. Looking over your "Journal" for Aug. 29th, may I please refer to several items of special interest to myself and friends. "The Caughey reunion held at the home of Mr. and Mrs. Reuben Lee on a Saturday afternoon in August was most enjoyable and unusual in point of attendance, program, courteous hospitality and last, but not least, the dinner menu, so abundant and excellent."

Seventy-six persons were guests, 23 of whom are Caughey descendants. Jas. H. Caughey, who came to Medina county from Lancaster county, Pa., in 1835, was the pioneer and his report of the land must have been good, for not long afterward, six sisters with their households, became residents of this vicinity, all but one of whom located in Wayne county. The seniors of this group all lived to extreme age. Of the second generation but two remain—Mary Caughey Easton and Mrs. John Caughey, who were both present at the reunion.

The first of these occasions held at Chippewa lake more than fifty years ago—was called A Cousins Picnic, and included Caughey relatives and numerous in-laws. I recall names of well-known Medina county people who belonged to that group of friends—Harvey and Alex McConnell, their sisters, Mrs. Shane and Mrs. Ann Smith, with their families; also White-side, McDowell, Turner—distant relatives and others who came from Pennsylvania to join Ohio friends. The plan, suggested by J. K. Caughey, and ably assisted by Al Lewis, of Medina, proved a happy success, and the paternal spirit still lives among later generations.—E. L. C.

FIRST HALF BRUNSWICK ROAD NEARLY FINISHED

The last lick—that of pouring asphalt—on the south half of the Brunswick road was begun this week. Barring bad weather the work will be rushed to completion which the contractors state will take about ten days.

As soon as the south strip is finished and set the road will be opened between Brunswick and Medina. The north strip will probably be completed within six or seven weeks.

URI McDONALD DIES

Uri McDonald, well known resident of Chippewa Lake, died at his home on Monday of this week, after a short severe illness due to incigestion. Mr. McDonald had been in poor health for some time but was able to be about until a day or two previous to his death.

Deceased was born Feb. 13, 1848, and was 70 years, six months and 25 days old at the time of his death.

Funeral services were held from the home Thursday afternoon with burial at Leroy.

Dr. R. J. Baird Practice limited to diseases of the EYE, EAR, NOSE AND THROAT AND FITTING OF GLASSES. Office over O. N. Leach & Son's clothing store. Office every Saturday.

FIGURES SUBMITTED BY THE BOARD OF REVISION

The board of revision for Medina county have submitted the real estate and property valuations of the county to the auditor, from which the following figures were taken which include the value of land and buildings:

Brunswick	\$1,022,700
Chatham	1,073,980
Granger	880,220
Guilford	1,339,770
Harrisville	1,236,690
Hinckley	920,060
Homer	913,220
Lafayette	1,173,870
Litchfield	893,900
Liverpool	1,088,290
Medina	745,870
Montville	967,080
Sharon	1,188,180
Spencer	1,203,190
Wadsworth	1,622,540
Westfield	1,183,770
York	895,020
Leroy	327,330
Lodi	827,890
Medina	2,475,910
Seville	431,670
Wadsworth	3,162,690
Total	\$25,573,840

PIONEER CITIZEN DIES; MANY YEARS RESIDENT

Mrs. Geraldine S. Taylor, who died at her home on East Washington street Friday night, was buried from the home at 10:30 o'clock Monday morning. She was 89 years old and eleven weeks before her death met with an accident in which her hip was badly fractured. Interment was made in Spring Grove cemetery, Rev. Drew officiating.

Geraldine Sophia (Deeming) Taylor was the only child of Johnathan Taylor, Jr., and Sophia Baldwin. She was born March 18, 1830, in Sandersfield, Mass. Her parents moved to Brunswick in 1832, to Wayne county in 1836, and to Medina in 1844, where she has resided ever since, living in one house in Medina for over 70 years. A few years ago she disposed of her property on S. Court street and since this time has made her home with Mrs. Addie Burt. In February, 1855, she was married to Mark Taylor, who died in December, 1874. She gave loving care to her parents till they died some years ago, and was well and favorably known in this community.

Mrs. Taylor was gifted with an extraordinary memory and could recite events which happened over a half century ago without omitting the slightest details. She was of small stature and very active and on numerous occasions contributed worthy bits of poetry and prose to the Sentinel.

During her last illness she was in a semi-stupor much of the time, although at times she regained her usual good nature her infirmities were of such a nature that her death was not altogether unexpected.

INFIRMARY REPORT FILED

The annual report of the Medina County Infirmary shows that for the year ending Sept. 1, 1919, there were 55 males and 29 females, inmates of the institution. Five were discharged during the preceding twelve months, 11 died and two were sent to other institutions, leaving 65 inmates at present.

Of this number three are insane, three are idiotic, 33 are there from the infirmities due to old age, four from disease, two from blindness and one is deaf.

The report also shows the farm now totals 484 acres. The balance on hand at the beginning of last year was \$5,948.79, while the balance carried over for the coming year is but \$3,413.97. Amount of produce and other goods sold from the farm for the past year total \$6,305.38.

—Dog tags for 1920 are now being made at the Ohio penitentiary. They will be made of aluminum 2 inches long and 1 inch wide with round corners. They will cost the county one and one-half cent each.

OHIO FIRST CLUB FOR OHIO SCHOOLS

New Organization Will Be Open Only to School Children and Their Teachers.

EXPECT MILLION MEMBERS

Applicants For Membership Must Purchase at Least One War Savings Stamp—Pupils Selling More Than \$500 to Be Awarded Medal—Ohio Savings Committee Looks For Big Sales From Schools During Last Four Months of Year.

Columbus, O.—(Special).—Everyone of the million school children in Ohio, as well as 25,000 teachers and 1,000 superintendents, are to be urged to join the "Ohio First Club." Membership in this organization, which is confined exclusively to school children and their teachers, may be gained only by purchasing one or more War Savings Stamps. As soon as a War Stamp is purchased the buyer automatically becomes a member of the club and a membership card is issued to the new member. School children buying or selling \$500 worth

of War Savings Stamps will be given a special medal.

With the reopening of schools, H. W. Pearson, state director of education of the Ohio War Savings Committee, declared that Ohio school children would sell more War Savings Stamps during the last four months of the year than were sold during the spring months. Sales through the schools this year total more than \$5,000,000, which, with the \$15,000,000 sales of last year make a grand total of more than \$20,000,000.

In speaking of the Ohio First Club, Educational Director Pearson said: "The problem before us today is to Americanize America. Can this be done better than by having every individual invest money in America by means of War Savings Stamps? It is a good way to begin at any rate and the schools should, during the coming year, devote their energies to it."

DAINTY DRESS DAYS

It is never too late for one airy-lacy-dainty frock like this which can be worn for one occasion or another at least nine months in the year. This cream-colored combination of net and lace looks to a girl like a piece of pink ribbon and French flowers for its coloring and it is vivid in its freshness. This model, though late in the season, is a forerunner of 1920 lines.
